About me

I am a second year animation student at the University of the West of England (UWE) in Bristol. I am developing my skills and creativity as a stop motion animator, director and editor. In my spare time I make short stop motion animations and edit still images and film sequences.

Skills

Focussed, team player, attention to detail, model making, story telling, lip syncing, animating, editing.

Adobe Suite - Premier Pro/After Effects/Animate/Photoshop, Storyboard Pro, DragonFrame, Procreate.

Education

University of the West of England BA (Hons) Animation, 2022 to 2025

Experience

2023 Balanced Diet

As part of a team I worked on a collaborative project to produce 50 second short film for pre-school children about healthy eating. I animated various scenes, designed the eyes and mouths, co-ordinating the lip syncing for all scenes, editing, finding and adding sound effects. I designed the publicity poster and found the film festivals where we could enter the film. Software used: Storyboard Pro/DragonFrame/Premiere Pro.

2024 The Acolyte

Providing crewing support for third year student – model making and set designs for final year project.

2024 Watch Your Back

I am working on a stop motion short film about a builder that is having a bad day, only it was going to get a lot worse. Software used: Procreate/Storyboard Pro.

2024 The Hike Chase

I am currently making a stop motion short film about a hiker lost in the woods. Software used: Storyboard Pro.
